

Progress powered by trust

YasTan Global LLC is a UAE-based limited liability company registered in Media City. The company operates under a flexible business license that enables it to participate in trade, develop digital and online channels, support technology-driven services, and deliver value-added solutions across consumer-focused markets. This structure positions YasTan Global as a modern business platform built to connect trade, digital commerce, and service-led growth in a fast-evolving regional and international marketplace.

Progress powered by trust

About Us

YasTan Global is a modern, growth-oriented company focused on agility, customer impact, and building enduring value over time. It brings together commercial insight, flexible operating models, and strong digital capabilities to respond quickly to market shifts, capture product-driven opportunities, and expand online channels. With a strong focus on customer outcomes and practical execution, the company delivers service-focused solutions that are both commercially viable and operationally scalable for evolving customer and market needs.

Operating from the UAE, YasTan Global is anchored in the dynamic business ecosystem of Sharjah Media City (Shams), a hub for entrepreneurship, innovation, and growth with flexible support for emerging and scaling ventures. This environment reinforces the company's ambition to grow as a reliable, adaptive, and future-ready partner to both business and consumer markets, while staying closely aligned with the UAE's wider economic and innovation agenda.

VALUE

PRINCIPLES

YasTan Global

- YasTan Global combines modern trading activities
- with technology-driven business execution within a
- single, integrated platform. YasTan Global trades
- selected consumer products through wholesale,
- online retail, and e-commerce channels, delivering
- goods to customers via online stores and other
- commercial platforms. In addition to its trading
- activities, the company provides technology-enabled
- project and business support services that
- streamline its operations, improve coordination, and
- support disciplined, scalable long-term growth.

Mission

YasTan Global's mission is to build a trusted, progressive business that creates real value through responsible commerce, customer-focused solutions, digital enablement, and sustainable growth across local and international markets. It is driven by a commitment to integrity and innovation, and to more conscious ways of doing business that support long-term economic performance and contribute positively to environmental responsibility

Vision

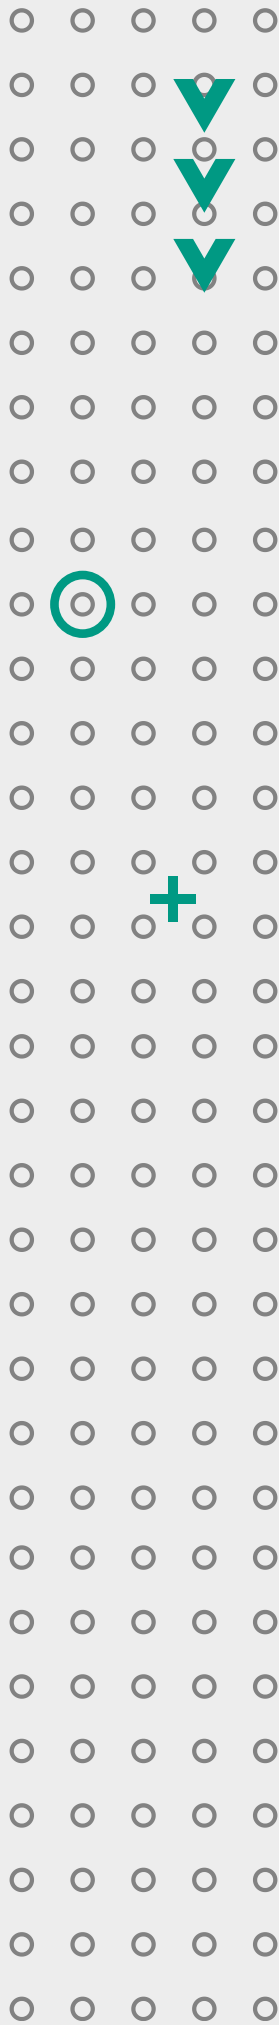

YasTan Global's vision is to be a recognized UAE-based business platform that brings together trade, technology and service innovation to drive sustainable long-term growth. It is aligned with the UAE's direction toward a competitive, knowledge-driven, innovation-led and sustainable economy, as reflected in national frameworks such as "We the UAE 2031", and our services are designed to support and complement this national vision.
